

DOMAINE
ALAIN JEANNIARD

PRESENTATION

The domain

Domaine Alain Jeanniard is located in Morey St-Denis in Burgundy between Gevrey Chambertin and Chambolle Musigny. The domain includes 17 acres and is managed by Alain Jeanniard and his family since 1755. It produces around 40,000 bottles.

Our team

Under the direction of Alain Jeanniard, the team consists of 3 agricultural workers and 1 salesperson.

WHY US ?

Label HVE

Since 2020, the domain is labeled High Value Environmental. We maintained maximum respect for the nature for more than 20 years.

All work done by hands

The harvest, the leaf stripping, all the vineyard work is done by hand to select the best grapes and take great care of our vines.

All Bourgognes treated as 1er Cru

Vineyard work is done by hand, aging in barrels, limitation of yields. To achieve a constant high quality on all our appellations whether they are 1er Cru or not.

Aging 18 months in barrels

A quality wine is a wine that has taken the time to be vinified. That is why all our wines are aged for a sufficient time to give them a top notch dimension.

Low vine yields

"Too many grapes" means low quality. At A.Jeanniard's, we make sure that the grapes quantity is low in order to favour the quality of the grapes and in the end, the quality of wines.
